DETAILED ACTION

1. The Amendment filed December 16, 2005, has been entered and acknowledged by the Examiner.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Raymond L. Owens on December 22, 2005.

The application has been amended as follows:

Claim 16. (Cancelled).

Allowable Subject Matter

3. Claims 1-15 and 17-26 are allowed.
4. The following is an examiner's statement of reasons for allowance:

Regarding to independent claim 1, prior art of record taken alone or in combination fails to teach or suggest a tuned OLED device, comprising: a layer including a color change medium which is responsive to wavelengths of light shorter than the particular wavelength by absorbing such shorter wavelengths of light and emitting light

corresponding in color to the particular wavelength, thereby improving the color of the light produced by the OLED device when viewed in an off-axis direction.

Regarding to independent claim 15, prior art of record taken alone or in combination fails to teach or suggest a tuned multicolor OLED device having an array of different color pixels wherein at least two of such different color pixels comprise: at least one color change medium associated with one of the different tuned microcavity structures which is responsive to wavelength of light shorter than the particular wavelength of the associated microcavity structure by absorbing such shorter wavelengths of light and emitting light corresponding in color to the desired particular wavelength, thereby improving the color of the light produced by the associated microcavity structure when viewed in an off-axis direction.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dalei Dong whose telephone number is (571)272-2370. The examiner can normally be reached on 8 A.M. to 5 P.M..
